CSF7

Recommended shoelace

2.0 mm diameter Non-Elastic cord

HOW TO ASSEMBLE

Part & Detail

STEP 1

Insert the ends of the two cords into the **CORD-SLOT** from the direction indicated by the arrow.

STEP 2

Tie the cords to the specified length according to the product specifications.

STEP 3

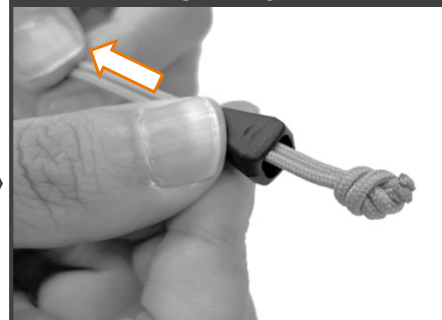

Cut off any extra length. (Be careful to avoid injury when using sharp tools.)

STEP 4

Heat-seal the cut ends with a lighter or similar tool to prevent the knot from coming undone due to fraying (avoid burns).

STEP 5

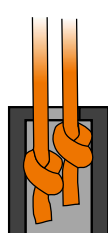

Pull the cords to fit the knot into the **Knot-Slot**, and it's done.

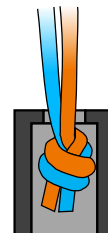

STEP COMPLETED

NOTE

Single-cord knot

Double-cord knot

This product is made of soft resin. A single-cord knot lacks sufficient function and may cause detachment during use. Always use a knot that connects two cords.
